Competitive remuneration is the basic principle for the assessment of remuneration to the board members, in order to ensure that Essity can recruit and retain people with the best possible qualifications. When assessing the size of the remuneration, comparisons with remuneration to the board members in companies of comparable size and complexity have been made. The proposed board comprises members of various nationalities and all board members have international experience. The nomination committee has evaluated and discussed the structure and levels of the remuneration to the board of directors, and concluded that an increase of the remuneration level is justified. The nomination committee's assessment is that also a slight increase of remuneration for committee work is reasonable, while the remuneration to the Chairman of the audit committee should be further increased due to increased workload and responsibility.
